"During my stay at Cabot Shores, I enjoyed playing pool in the downstairs and walking down to the beach in the morning..." Mathew Benoit, 9, Portland Maine

"Cabot Shores is a very special place. We loved building rock sculptures on the beach and finding treasures like lobster buoys and wonderful drift wood. Thank you for keeping an running such an ideal resort..." Anna Benoit, social worker and Matt's Grandma, Portland, Maine

"I had one of these magic experiences in Cabot Shores when we went up the Indian Brook. We canoed, walked and swam up to these amazing waterfalls. Everything was just right. There were wild strawberries on the banks and great swimming holes, and we even spotted an eagle. It was just beautiful. A real awakening of the senses."
